Co-ordinated cabinet finishes

Example of colour co-ordinated cabinet

The majority of front finishes are available with a co-ordinated colour matching interior/exterior cabinet. See choices right.

This eliminates the hassle and additional expense of ordering and fitting matching plant on end panels and makes dimensional planning much easier. If a contrasting cabinet colour is required this must be stated on your order.

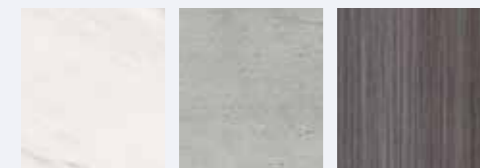

Gable side cabinet finishes

Where a co-ordinated cabinet finish is not available the unit can be supplied with fitted matching gable side panels and a light grey interior. See below for the front finishes this applies to.

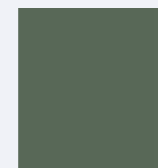

This eliminates the additional need and expense for matching plant on panels and makes dimensional planning much easier.

If a contrasting cabinet colour (interior/exterior) is required this must be stated on your order.

Laminate (22mm)

LAMINATE SURFACES ARE DESIGNED TO COMPLEMENT OUR RANGE OF DOORS.

SteriTouch®

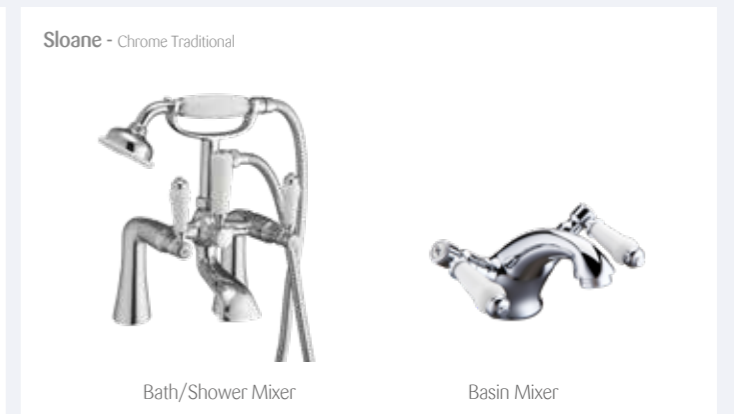

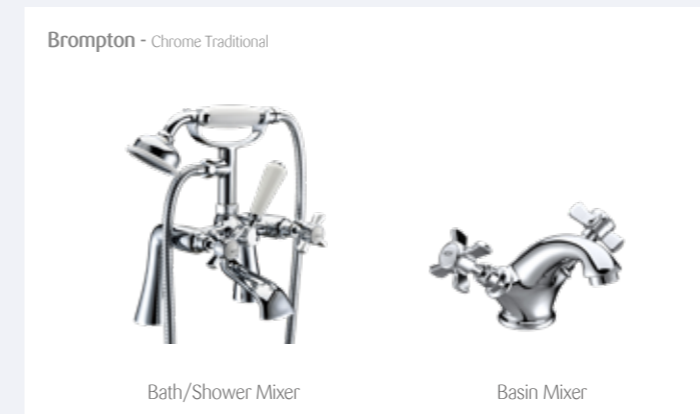

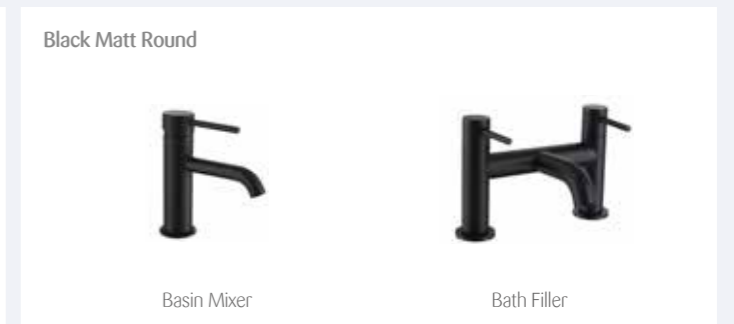

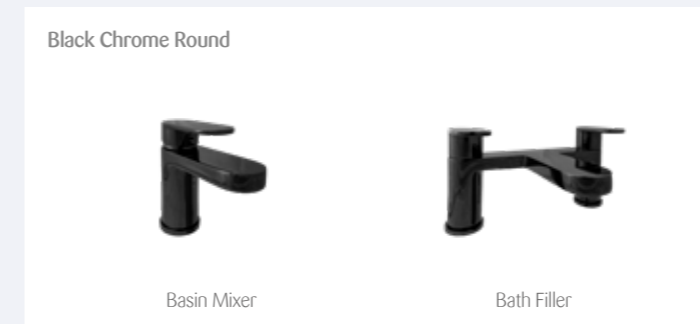

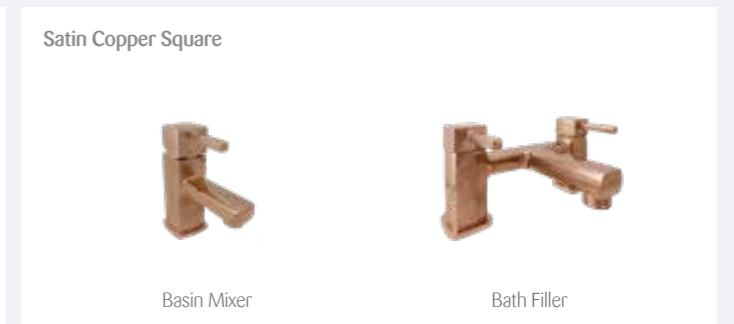

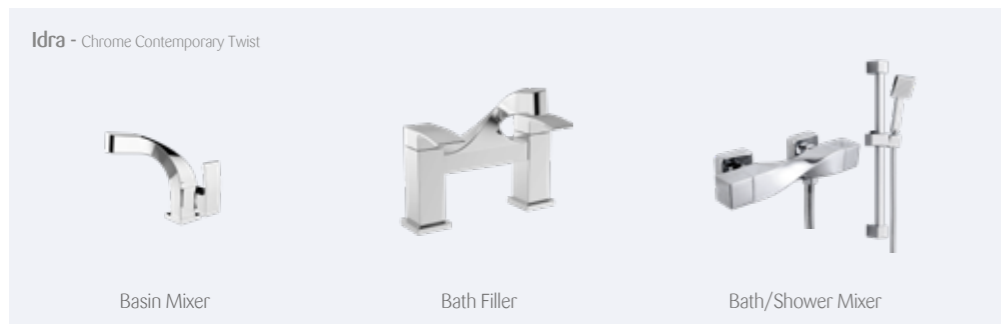

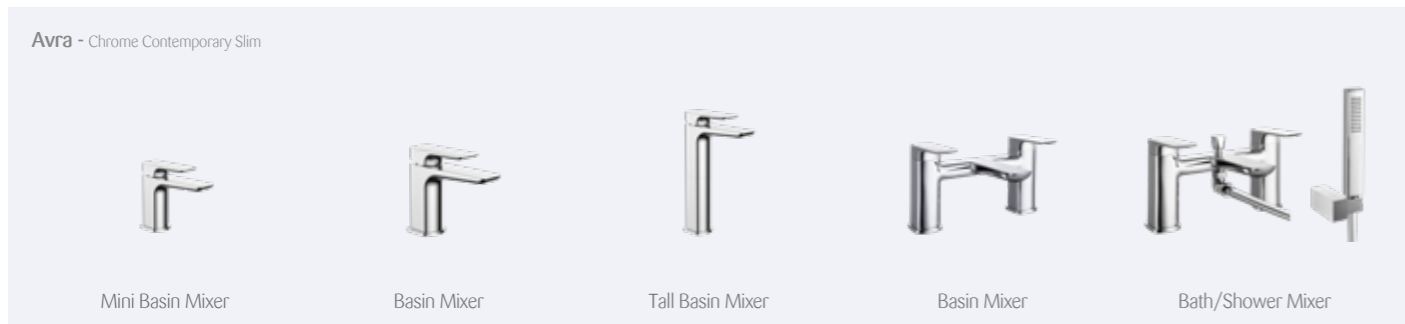

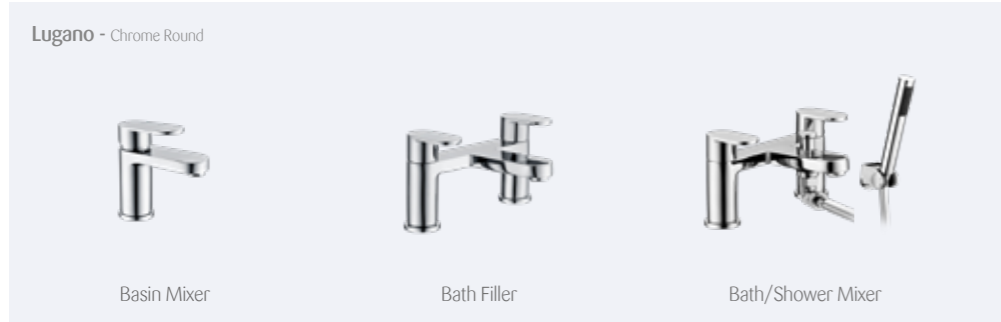

We are proud to offer our premium range of Lustre vanity tops. The cultured marble Lustre range is hand made to order in the UK and available in 14 carefully curated, trend led designs ranging from true to life marble effect to high gloss sparkle, each offering the perfect finishing touch to your bathroom. Lustre's tops are extremely durable and due to their protective gel coating are 100% non-porous, waterproof and stain resistant.

In addition to their beautiful appearance, all Lustre worktops now have SteriTouch® included within the gel coat. SteriTouch® technology offers increased protection against bacteria and mould, restricting the growth of harmful microorganisms responsible for illness, infection, odours, staining and material degradation. The antimicrobial properties of SteriTouch® have been verified by independent laboratories using the ISO22196 test method.

SteriTouch is a registered trademark of Radical Materials Ltd

Brassware

We have carefully selected our luxurious range of bathroom taps and accessories to complement your bathroom.
