

Launching in September, the AW Collection from Atkin and Thyme is an exquisite fusion of modern chic and timeless classic.

The Rex Shelving Unit offers practicality and style, and is perfectly complemented by the Calvin Armchair in Moroccan Printed Cotton (£479). The latest addition to the best selling Broadway range, the Broadway Console Desk, is inherently theatrical with a glamorous shimmer that's at home in a hallway or home office. Its brass finish is even more captivating when paired with the Carnaby Footstool in Champagne Pink Velvet (£119). The Chevron Bedside Drawers are made from mango wood and brass plated iron, and offer a blend of mid-century and Scandinavian charm, and are crafted from high-quality materials that are made to last.
