

The Bombazine Collection

With an authentic mid-century feel, the Bombazine collection from där lighting combines natural brass with opal glass, exuding style and glamour.

Heavily inspired by the space race, the **Bombazine 8 Light Pendant** features a flat, Sputnik style frame with fine radiating arms. While large in diameter, the shallow height makes this a great choice for those with low ceilings. The **Bombazine 7 Light Pendant** is equally at home close to the ceiling or on a long chain drop. Dramatically dropping from its adjustable rod, the **Bombazine 5 Light Pendant** is perfect for hanging above tables or as an elegant show piece.

A pretty pair of globes, positioned in opposite directions, give the **Bombazine 2 Light Table Lamp** a statement structure. The vertical stem and simple cylindrical base of the **Bombazine 3 Light Floor Lamp** proudly boast three opal globes and a foot operated switch. The **Bombazine Wall Light** would be a great addition to the bedroom with its pull cord switch making it easy to find in the dark.

Used together or standing alone, these captivating designs can be used across the home to bring a little mid-century flair to the modern day.
