

Contemporary and Country

With smooth profiles that consist of simple lines and curves, contemporary interiors are the minimalist dream. When fused with country styles, these two pioneering aesthetics blend beautifully together to form the ultimate cosy, yet modern look.

The Laura Ashley Mulroy Antler Double Wall Light with Shades captures the beauty and nature of country living, with its resin antler design mounted on a textured wall plate, this present-day interpretation of nostalgic style boasts a hand-finished champagne shimmer for a touch of luxury.

The Ellis Wall Light in White offers a sophisticated hue that is both versatile and traditional, giving a clean look, whilst the Carson Wall Light adds character to the living area with its pared back nickel and glass design.
