
ATKIN AND THYME

Décor Essentials: The Side Table

A stylish way to expand surface space within the home, the side table is often an unsung hero. Perfect for all seasons, these handy designs from Atkin and Thyme will fit a variety of styles.

A simplistic yet elegant design, the Faye Nesting Side Tables slot together with ease and offer an art deco feel for the living space. With a base that contrasts with the natural mango wood top, the Herringbone Side Table is ideal for both classic and contemporary interiors. The Castello Marble Side Table combines a warm brass finish on an iron base with a smooth, seamless marble top. Add a touch of decadence to the living room, or introduce it as a sumptuous bedside table. With its unique, curvaceous design, this side table is the must have statement piece that is ideal for autumnal colour schemes.

With the ongoing trends for metallics and nature inspired designs, the Honeycomb Side Table delivers ultimate luxury with its golden leaf finish. Created from moulded iron, this table can be teamed with accent accessories in copper, brass and gold for a unified theme. The pieces from the Gatsby Collection by Atkin and Thyme offer sheer elegance, and extract the true authenticity from the glamorous era of the 1920's. The Gatsby Marble Nesting Side Tables save space with their compact size, and are topped with luxurious marble bringing a touch of understated elegance.

Top Left to Right: Faye Nesting Side Tables £199, Herringbone Side Table £89, Castello Marble Side Table £249 **Bottom Left to Right:** Honeycomb Side Table £119, Gatsby Marble Nesting Side Table £239
