

LAURA ASHLEY

Gorgeous Guest Rooms

When it comes to lighting up the guest room, the main purpose is to provide visitors with a feeling of warmth.

Guest rooms are a wonderful space in which to add a little splendour. A night away from home can be made all the more special for guests by a well-considered lighting scheme that makes them feel as though they are staying in a hotel, or away on holiday.

Mary Buchanan, Creative Director and Board Director of Laura Ashley Lighting and Mirrors, shares her tips on how best to layer lighting in the guest room:

“Chandeliers naturally add the wow factor and beautifully reflect light around the room to create a feeling of luxury. Wall lights are perfect for keeping bedsides fresh and clear while still providing guests with reading light. Or, add a little design flair and interest with an unusual table lamp design- try our Artichoke or Pineapple Table Lamps or a Base Only styled with a Laura Ashley handmade shade in a warm colour to accent your chosen colour scheme.”
