

We are delighted to introduce our newest client, Naturewall.

Naturewall.co.uk are renowned for their innovative, bold, and creative yet practical wall coverings. These crafted Naturewall products allow you to turn your house into a home one wall at a time. Their gorgeous range of premium on trend wood designs offer interiors-loving consumers something different for their walls. Whether in the kitchen, bedroom, living room or bathroom, Naturewall have a huge choice of unique, head-turning wall coverings, from Scandi-style slatwall panels to easy application rustic planks. Browsing the range is a home-enthusiasts joy; with inspiration for every room and the confidence that every product is both on-trend and produced using quality materials.

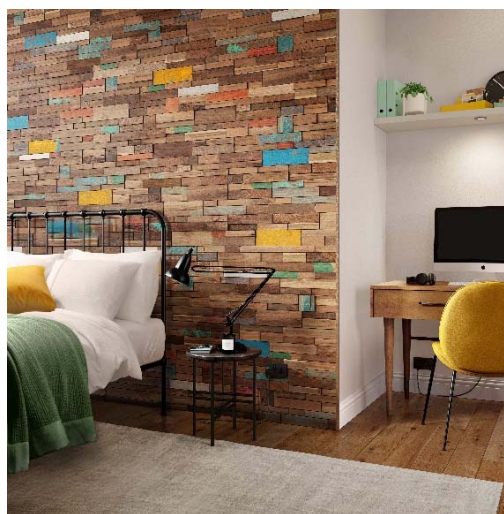

Fitting these wall coverings can be remarkably simple too; with easy-to-use and understand instructions for even a novice DIYer; perfect for weekend makeover projects.

All Naturewall products come with the necessary accreditations and impeccable sustainability credentials.

We are pleased to offer a comprehensive library of publication-ready Naturewall images as well as a full press office service for expert advice, q and a's, how to's, product, features and product and designer profiling opportunities.
