All Naturewall panels are exceptionally simple to install using just a grab adhesive or screws, making them the perfect instant design fix. The new designs create a backdrop that can be paired with white or colour-popping accessories.

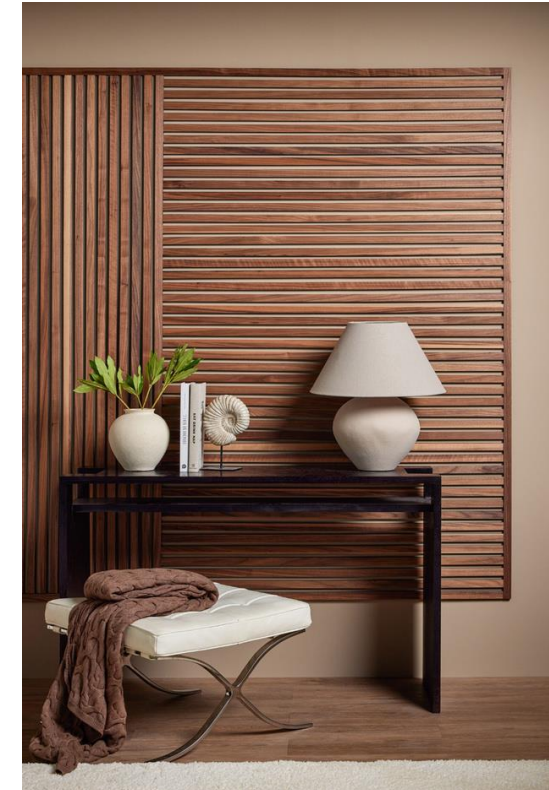

Individual Slat gives you with the flexibility to create your own design with ease. Simply mount onto your chosen wall with grab adhesive or add an artistic touch by cutting and arranging your desired design.

SlatWall panels can be customised by cutting to your desired size and feature a recycled felt backing which offers practical and high-quality sound absorption.
