

Olive & Brass

When it comes to trends for 2022, green is shade that's here to stay. The latest AW21 collection from där lighting showcases a number of striking new designs that are perfect for adding a quick pop of this on-trend choice or for colour drenching across the home. Teamed with brassy accents these designs have an inherent warmth that will transcend the seasons.

The **Hadano 3 Light Bar Pendant with Olive Green Shade** works great as kitchen lighting over a breakfast bar, or in the dining room over a table. These metal shades have a vintage feel and are suspended by black twisted suspension cables that can be individually adjusted. The earthy olive shade is finished with a white inner and complemented by the natural brass finish. The co-ordinating **Hadano Wall Light with Olive Green Shade** features an elegant swan neck arm and chain pull which can be easily removed if required.

Those looking for a simple update should look no further than the **Sawyer Easy Fit Pendant**. Fitted in seconds, this ribbed glass shade has a glare free effect and can be paired with a selection of suspensions, but works particularly well with indulgent flaxen metallics. Reflecting Sawyer's style, the **Demarius Pendant** also proudly presents a ribbed glass finish. A versatile design, this pendant would look at home in a bedroom, lounge or kitchen. Use individually or cluster together.

Tall and elegant, the **Samara Green Glass Table Lamp Base** has been handmade. The gracefully tapered base is finished in a rich green and opulent brushed gold work. Shades are available separately giving endless style possibilities.
