

## Easy autumn bedroom refresh

Cleaning and refreshing the home isn't just for spring. As the seasons change, mimic the shades of mother nature by saying good-bye to the pastels, and hello to the rich colours of autumn!

Create a cosy sanctuary with easy updates such as the Homescapes Egyptian Cotton Duvet Set in Chocolate (available in a range of sizes) and the Cotton Rajput Ribbed Cushion Cover, which also has a matching throw design. Pair with the Red Rushfoil Artificial Croton Plant to accentuate red and cream tones throughout, capturing the colours of those autumnal walks.

For the boho dreamers who struggle with the transition from summer to autumn, this look is ideal. The rich colouring of the Egyptian Cotton Duvet Set in Navy would look perfect with copper furnishings, along with the Linen Cotton Knitted Round Storage Basket which is ideal for storing those cosy blankets. Enhance the look with the Lhasa Handwoven Brown and Cream Textured Diamond Pattern Wool Rug from the Kilim Collection, lavishly textured with fringe detailing on the ends and throughout. Add candles and macramé hanging plant holders, and this boho inspired autumnal bedroom scheme is good to go.
