The HotelREZ Hotels & Resorts portfolio includes a wide variety of properties, from sleek boutique city gems, to country-house retreats full of charm and history. The company works with each member hotel to ensure they retain their independence, yet are still able to compete worldwide.

Through HotelREZ Hotels & Resorts, independent properties have access to markets and channels, that wouldn't be available to them otherwise. Hotel members are offered the most innovative and flexible technological solutions in the market today, particularly designed to help independent properties manage and distribute their inventory and content to the GDS, online and through specialised call centres.

Additionally, HotelREZ Hotels & Resorts provide member hotels with a wide range of sales, marketing and revenue solutions: from participation in corporate and MICE RFP's to niche marketing programmes and premium listings on consumer or trade websites, preferred partnerships with consortia, biasing agreements with travel agents, call centre visits and opportunities to attend global trade

shows. Customer retention is an absolute priority to the company, since day one.

Mark is also the Founder of World Rainbow Hotels (WRH), the world's first and only global consortia for gay and lesbian friendly hotels.

A global supplier of over 1,200 LGBT-friendly hotels, bookable on the GDS and online to both consumers and the travel trade, WRH has recently been awarded with Travolution's best hotel website award, and will be this year's official accommodation provider for some of the world's biggest Pride events, including London, Chicago and Sao Paulo.
