THE  
*Walbrook*  
COLLECTION

HM

The background of the entire page is a repeating pattern of square tiles. Each tile features a complex, symmetrical design in a light beige color against a dark charcoal background. The design consists of interlocking circles and pointed, leaf-like shapes. In the top-left corner, there is a partial view of a wooden bowl containing fresh green herbs, likely thyme.

## *Walbrook*

This original new design from Harvey Maria is a celebration of the creative process - of combining patterns from an historical context, whilst using contemporary manufacturing. Victorian inspired, but thoroughly modern in design.

### *Rustic Elegance*

Inspired by the authentic beauty of Arts and Crafts encaustic floor tiles, the Walbrook Collection reimagines these iconic designs to complement the contemporary homes that we build, renovate and live in today. A unique decorative pattern that is clean in design, yet lends a rustic elegance to both modern and traditional interiors.

## *Modern Practicality*

Six colourways have been carefully developed to form a stylish palette. All have been designed with modern family living in mind - from rich heritage tones, which are wonderfully forgiving, to fresh natural hues, which bring warmth and personality to newer properties.

Our skilled design team has been creating luxury vinyl tiles since 1995. Harvey Maria floors are incredibly durable and easy to maintain. They are completely waterproof, slip resistant and compatible with underfloor heating - this means that they work beautifully in busy homes & demanding commercial spaces alike.

## *Sherwin Slate*

A clean and contemporary slate grey which works beautifully in kitchens. This design looks brilliant when paired with a neutral decor & next to darker kitchen units.

## *Old Green*

Deep, rich Victorian green contrasts with a paler tone, giving a dramatic look alongside darker walls or wood panelling. When paired with putty or softer blush tones, it makes for a very pretty alternative to chequerboard flooring.

## *Pastel Black*

This mellow two-tone design makes a classic & elegant statement. An incredibly practical colourway, so ideal for high traffic areas such as entranceways, utility rooms & commercial projects.

## *Avebury Stone*

A muted, natural & warm stone hue. The lightest tone in the collection is extremely versatile, ideal for complementing existing interior schemes. Looks chic alongside natural plank & parquet wood flooring.

## *Claystone*

A rich, brownish blend of tones - inspired by the neo-gothic encaustic floor tiles of Victorian designer & architect AW Pugin. Traditionally used in hallways, this is definitely a colour for busy family areas - think muddy paws & boots!

## ***Peyton Blue***

This heritage blue-grey is soft & stylish. Brings a fresh, contemporary uplift to bathrooms and laundry rooms. Looks lovely next to rustic wood accents & vintage furniture.

### *Spec*

Pack coverage: **1.115 sqm**  
Full tile size: **30.5cm x 30.5cm**  
Overall thickness: **2.5mm**

*Suitable for commercial  
& domestic use including
