

The online newsletter is a monthly round up of news and views, interviews and articles for people living with diabetes.

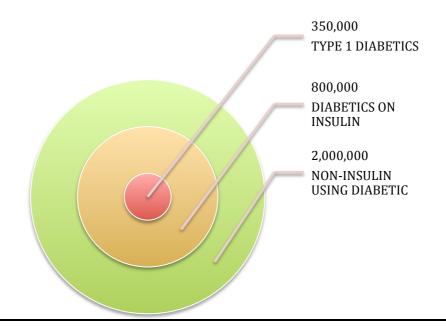

In a 'flippy' magazine format, the newsletter retains a particular focus on those who take insulin, blood test, count carbs and 'engage' with their diabetes and is sent via email to opt-in database of insulin-dependent diabetics.

Statistics about Desang kitbag purchasers & Desang newsletter readership:

69%	TYPE 1	ON INSULIN
72%	BLOOD TESTING 3-4 TIMES A DAY	'Super testers'
86%	BOUGHT A KITBAG FOR THEMSELVES	ENGAGED with their diabetes

TARGET MARKET: UK diabetes demographic

How does advertising in the Desang Online Newsletter work?

Advertising with Desang works in two ways. First, using our own in-house systems we email the newsletter out to our opted-in database. This is comprised of an internet-enabled, engaged, knowledgeable 'tribe' of people who have an interest in diabetes in common.

Second, all the content of the newsletter – both editorial and advertising, is deconstructed and keywords are tagged which makes for additional Search Engine Optimisation (SEO). No matter which engine searchers are using -- Ask, Bing, Google, SearchMe, Wikisearch, WebCrawler -- search engine spiders can spot the terms being used and bring those conducting the search direct to your message.

Gooblydegook? Put simply, your advert goes direct to an opted-in subscriber market. It gains further coverage on the internet as it is hosted online (not in an email) therefore aiding the exposure of your brand and product.

Demos: We do our own demos that are not up for sale, but you can supply appropriate demos and we will host them inside the magazine on the demos page making the most of what modern technology can give – visual presentations of products.

Gallery adverts: Affordable, simple and effective, equivalent to $1/9^{th}$ of a page in a special section, these contain 50 words, plus one picture and a two or three word title. We do the design and there is no proofing stage. Website URLS can be included but not phone numbers. These are ideal to introduce individual products or offers. You can have more than one if you have a range of products.

Advertising in the Desang Online Newsletter	Costs
Sponsorship, per issue, includes company or product logo on front cover, one 200-word editorial news item and a one-page advert.	£1,600
Inside front cover Double page spread	£2,000
