

The Hydrant

Solving the problem of reaching, lifting, or holding drinks
Hang it, hook it, or clip it... almost anywhere

Lack of easy, independent access to fluids is a major cause of dehydration and its associated problems. The Hydrant is the solution to these issues.

- Low cost hands-free personal drinking system
- Simply clips onto beds, wheelchairs and chairs
- Fluids instantly accessible at all times
- Helps prevent dehydration
- Makes fluid monitoring simple
- Easy to use and easy to clean, dishwasher safe
- 1 Litre system £13.99 / 750ml system £12.99

The Hydrant

Solving the problem of reaching, lifting, or holding drinks
Hang it, hook it, or clip it... almost anywhere

"The Hydrant is **by far the best aid** we have bought for Jan. It gives her loads of independence and it's not too expensive like many other aids on the market. Hydrate for Health also has a very friendly and helpful service, it ticks all the right boxes. Excellent!!" R.J

'My husband who has Multiple Sclerosis and is severely disabled thinks **The Hydrant is the greatest invention ever!**' I.M

"I think The Hydrant must be **one of the best things ever invented for disabled people.** I care for a relative who is almost completely paralysed and constantly called for drinks because her medication dries her mouth. She is now able to reach the tube and drink when she wishes." D.H

"The Hydrant has to be one of the best gadgets I've ever seen. It easily clips onto my wheelchair all day and my bed all night. I can drink whenever I want to without needing to get any kind of help. For anyone with a condition that makes it difficult to easily get a drink **The Hydrant really is a no brainer, it changes the way you live.** I love it and would certainly recommend it to anyone who is bed or wheelchair bound or who has a catheter fitted as it really does mean you can get through the right amount of fluids without a problem." D.P

"I am getting a lot of use out of The Hydrant, it is fantastic that I can now **drink unassisted** with something so simple." D.F

"Simply brilliant and brilliantly simple"

Sir Ranulph Fiennes BT OBE, Patron of Hydrate for Health Ltd
