Hassle-free online chess for schools

- Intuitive controls and instant two-way gameplay.
- Find your perfect opponents - an advanced search, or strike it lucky with a random school.
- Delightfully clear and attractively designed interface.

A safe learning environment

- Teachers and players can access and review all their past games.
- No on-site advertising.
- Limited chat messages for players to maintain child safety.
- The only personal information stored is a player's first name and surname initial.

Friendly competition

- Players are ranked according to the ELO system.
- Supervised nature of chess play ensures that a player's rank is a really trustworthy indicator.
- Safe on-line chat.

Total supervised matches played: 5
Consisting of 30 games

Win ratio: 10% (1/10)

Avg player rank: 5248

Top player rank: 4323 (chess)

A flexible system, with in-depth controls

- Teachers can view and amend Players' login details at any time.
- Teachers can add or remove players at any time.
- Players can easily be transferred between schools.

Total in-game control and messaging

- Piece captures are shown and ordered by rank automatically.
- PGN record of the game is displayed as the game proceeds and becomes available to review later.
- Clocks can be on or off and set to countdown from whatever the person setting up the game would like.

Complete oversight for teachers

- In addition to setting up matches, teachers can chat freely with other teachers via the inbuilt instant messaging facility.

Additional features

- Fully featured in-game controls.
- Single player games also available.
- Real-time play or prolonged offline play.

Full control via an easy to use admin area

- Teachers can easily update their details or their school details, as well as a whole host of easy to use features designed to ensure that more of your time is spent on chess.

Free support is always close at hand

- Email: support@schoolchess.net
- Call: 0203 322 4174

Multiple users

- Schools can have multiple teachers associated with them at no extra cost, so where more than one teacher helps to run the school chess club, each one has their own individual login details.

Never miss a chance to play

- Teachers are notified when invitations are received; and managing invitations is also intuitive and simple. There's no reason to miss a potential match ever again.
