

## Teardown

1. Symmetricom Chip Scale Atomic Clock
2. USB socket
3. 4 x pusher actuators
4. 9 x Soprod bimotors
5. 10 x Soprod monomotors
6. 6 x PIC microcontrollers
7. 60 x side-emitting LEDs
8. Flexipanel Bluetooth Low Energy radio
9. Sensirion humidity / temperature sensor
10. Measurement Specialties pressure sensor
11. Freescale magnetometer

Union Fortune Lithium Polymer battery pack sandwiched between circuit boards (not visible)
