CUSKI® KIDS PILLOW WINS GOLD AWARD 2008

Announcement of the 2008 Practical Pre-School Awards Childcare Category Winners

After many months of testing and analysing of results, the highly awaited 2008 Practical Pre-School Awards was announced to the book, toy and child care industry on Friday 12 September.

With nearly 240 entries overall from 110 different companies, the Practical Pre-School Awards is one of the highlights for the toy, nursery and education resource sectors. Tested by childcare professionals, the results are viewed as a measure of what's good and what's not in a field that is swamped with choice.

Over the years, the Childcare category has increased in popularity and this year saw a record number of entries. Rather than shortlisting a limited number of products, the scheme differs uniquely in that it awards the coveted accolades to products on their own merit and not against other entries.

Best Regards

Suzanne Cannizzo M.D.

Cuski is Amazing!

"My sister bought Cuski for my baby when he was born and I gave it to him from day one. He has slept through the night from just 12 weeks old and I believe Cuski has a lot to do with it as it does comfort him. He is just over 1 year old now and loves Cuski like no other toy – it has an almost magical effect on him when he gets tired or fed up.

As far as I'm concerned no home with a baby should be without a Cuski – they are simply amazing and fabulous value."
