

Less words, more action

INSIGHT

Marketing is all about innovative ideas that deliver results

Insight TrackItBack promotion promotes your brand and gets you new leads

01344 871 900 - info@insightgroup.co.uk
www.insightgroup.co.uk

Our TrackItBack promotion is simple:

- You brand the TrackItBack label with your logo
- Send the label on a card (like this one) to your prospects
- They register on your section of the TrackItBack website branded with your logo
- Their details are then sent to you for follow-up

So how does TrackItBack work for your customers and prospects?

The TrackItBack service gives each device a unique identification, so that when somebody finds a missing mobile device they now have a simple way to return it directly to the owner, safely and easily.

Try it yourself with our complimentary Insight TrackItBack Service:

1. Remove the round Insight TrackItBack label from this card
2. Affix to your mobile device in a visible position
3. Visit the Insight TrackitBack website to register your device with the unique code printed on the label
4. That's it, simple promotion, effective results - we'll contact you once you've registered.

Register your mobile device at: www.trackitback.com/insight

The Insight TrackItBack service will help to ensure your mobile device is returned free of charge should it be mislaid.
