

This DVD will show you how your FireAngel Wi-Safe products will protect you from fire in your home and show you how to test them on a weekly basis.

#### How to view this DVD:

##### DVD player:

- Place the disc in your DVD player and press play

##### Computer with DVD player:

- Insert your disc into your computer. If the DVD doesn't start automatically, click on the 'Start' button, then click 'My Computer'. Double click on the DVD drive 'D' (assuming D is the letter of your DVD drive).

The products have been fitted free of charge as part of a Home Safety Check carried out by your local Fire and Rescue Service

##### Extra features specifically for the hearing impaired to include:

- Subtitles English on/off
- British Sign Language (BSL)

Running time 11 mins 06secs

You'll find a B&Q voucher inside to help keep you protected from the dangers of carbon monoxide (CO) by adding a CO alarm to your Wi-Safe system.

**£50OFF**  
A FIREANGEL  
WCO-628 CO ALARM
